The following communication was

To the Honorable Mayor and Common Council:

Presuming it was the intention of your honorable body to pay off all the city bonds, issue of year 1879, as agent of Mrs. B. Hamburger, San Francisco, Cal., I presented to First National Bank, Astoria, for payment, city bonds, viz: No. 9, Issued July 1st, '79.

The owners of these bonds are not eager for the payment of them so long as the interest continues, but if there is any question regarding the legality of their issue, they would like to be so informed. formed.

Respectfully yours, W. E. Dement,

Auditor Jewett made explanation regarding the same, and, on motion, the matter was referred to committee on ways and means. It appears that there is \$500 indebtedness in addition to that listed, of which the \$250 mentioned above is a portion.

The report of the chief engineer of the Astoria fire department for year ending Sept. 30, '87, was read, and, on motion, received and placed on file, and recommendations adopted.

A communication was read from Brown, Bosworth and Bozorth agree ing to the following modifications in the proposed street railway franchise: the fare to be 5 cents, the annual li-cense for each car \$35, the road to be begun in ten days after the passage of the franchise, and to be completed

A majority report of the committee to whom was referred the petition of Messrs. Newell and Conn, signed by Councilman Sherman. recommending that an ordinance be drafted granting them a franchise for a street railway, providing that the petitioners give suitable bonds for the completion of the road within the time mentioned, and that the time specified be altered to thirty years instead of fifty, was voted on viva voce and declared by the mayor to be

adopted.

City treasurer Hustler made quarterly report of the city finances: referred to appropoiate committee: supplementary report shows that since making report for quarter ending Sept. 30, '87, taxes were collected as follows:

Conn & Newell in accordance with the minority report, councilman Bergman supporting the motion on the ground that the proposition was, in his judgment, as modified, better for the best interests of the city than

Councilman Gratke thought that no haste was necessary. Auditor Jewett said that it was a very important matter, one that required delib-eration, and he would prefer that the ordinance be gone over and scrutinized by the council before final action

was taken. It was then decided that the matter be laid over till the next council meet-ing for the ordinance to be remodeled, and on motion of councilman Cleveland it was ordered that when the council adjourn it be to next Saturday evening, the 29th inst. Council-man Cleveland then moved that the matter of the ordinance be referred to committee on health and police:

The following claims were ordered paid: Astoria Gaslight Co., \$124.25, \$7.70; G. A. Stinson, \$12; Carruthers, McTavish & Co., \$1; Griffin & Reed, \$1.85; Electric Light Co., \$168; H. T. Crosby, \$10.50; West Shore Mills, \$29.20; R. R. Marion,

Councilman Carruthers wanted to know if the committee on health and police were ready to report regarding the reduction of the police force. Councilman Cleveland said the recemmendation of two of the committee was that one man be discharged the last one on the force to be the
